

SUPPLY CHAIN AND INSPECTION SERVICES

Tailored Visual Inspections

As the leading global inspection, testing and certification company, Bureau Veritas is your trusted partner to enhance the visibility and reliability of your procurement and supply chain operations. Our Tailored Visual Inspection services provide an independent and objective assessment of your goods at any stage throughout the supply chain. Bureau Veritas offers a comprehensive service that includes facility inspections, transportation reviews and critical touchpoints analysis within your value chain.

Benefits

QUALITY, QUANTITY AND COMPLIANCE

Our professional inspectors conduct detailed visual inspections of the condition, marking and quantity of your goods, in accordance with your specifications. Bureau Veritas also organises sampling and testing to validate compliance with your requirements or those of your clients.

SUPPLY CHAIN VISIBILITY

Bureau Veritas offers flexible on-site or remote inspection options, providing real-time insights into:

- › Status of your shipments
- › Procurement operations
- › Distribution of goods and equipment

All inspection data, photos and digital reports are available in real time.

PROCUREMENT RISKS MITIGATION

Engaging an independent third-party to verify your goods at any point in the supply chain can help to mitigate risk. The Bureau Veritas global network services monitor your global sourcing operations and suppliers, as well as the supervision of delivery, with a view to achieving your procurement objectives.

Bureau Veritas' Tailored Visual Inspection services: your gateway to increased visibility, higher transparency, greater reliability and improved efficiency to your supply chain.
